## From the Seneschal

Unto the populace of the Barony of Rowany,  
Greetings!

Rowany Newcomers is March 12th, and I am looking forward to it attending it very much. I would love to see lots of our more experienced people there, running classes and taking the opportunity to display the parts of the SCA and Rowany that we love to a whole new group. After all, one of them may be King or Queen of Lochac one day!

As you are all aware, the last month has been a very trying one for all those involved in the preparations for Festival (2 weeks to go!). For those who don't normally get a chance to see the work that goes into Festival behind the scenes, while the situation is not one we wanted to have happen, it has been good to see so many people from all across Lochac stepping forward with support and offers of help.

Unfortunately, due to changes of the NSW Liquor Law placing increased requirements on the Liquor Licensee, there will be no Tavern this year. Plans are being discussed that may allow the Tavern to be back next year. I would like to personally thank Helene du Puy for all her hard work and the efforts she went to in getting as close to compliance as she did. It was an impossible situation beyond her control which she fought to

the last moment with exceptional grace. My thanks also to all those that offered assistance.

There are still many options for people to join in and help with the behind the scenes co-ordination needed. If you are interested in helping out, be it a little or a lot, please speak with the Steward, Skarp-Heðin Sverðvarpnir, or consider volunteering for a position on the Rowany Festival Executive committee. You can contact me at [rowany.seneschal@gmail.com](mailto:rowany.seneschal@gmail.com) for more information.

Over the last month we have also been trialing the use of Skype in our Senate meetings. While this is a process we are still refining, it seems to be working well and we will be continuing with it for the foreseeable future. If you would like to attend the meetings, but cannot be there physically, this may be an option. Please contact me for the Skype ID.

As always, if there is anything I can help with, please let me know.

Spasibo!

## Greetings from the Baroness & Baron

Unto the Populace of Rowany do Baroness Ameline and Baron Miles send warmest greetings.

The quiet of the holiday season has come to an end, and once again the upcoming calendar is a busy one.

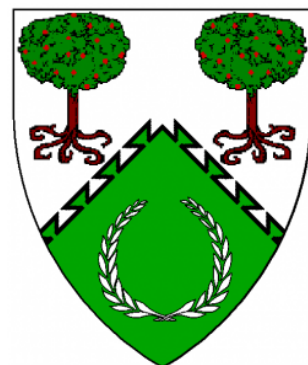

In two weeks we look forward to welcoming in the Barony's new year and newcomers at our Rowany Newcomers event. The 12th of march will begin with a set of tournaments, an afternoon of classes, and end with a fabulous feast. As always we look forward to renewing friendships and meeting new people. Best wishes to our College of St Ursula as they show new members just how awesome the SCA is.

We would remind the populace to send recommendations to us for those you feel fit for recognition, even if the gentle already has the appropriate Baronial award it will then be our pleasure to forward such a recommendation to the Crown, that they may see fit to bestow a higher accolade.

We would also note to the populace of Rowany that Festival is but around the corner. A reminder that it is starting a earlier this year, with opening court on the morning of the 24th of March. We can't help but stress our gratitude to the tireless efforts of the stewarding team under the indefatigable Skarp-Heđin. There have been some very anxious moments – even for those of us following along at home! - but the team have gone above and beyond to ensure that Rowany Festival, the ultimate highlight of the Kingdom's calendar (no bias here) will go ahead.

To all those of the Barony, we would like to invite you to join us for a party on the Saturday night of Festival. It will take place in the Attican encampment, from 8:30pm. Please bring drinks as well as snacks to share. Last year was a wonderful chance to socialise with members from all the diverse parts of the Barony, and we look forward to another great evening.

Ameline et Miles, Baronage Rowany

## Rowany Festival DA Update

Hi all,

On Monday night we had a Rowany Senate meeting regarding some issues around the DA for Festival.

Late last year, Wingecarribee Shire Council (WSC) added a requirement that we either widen Black Springs Road (the road into site) or institute a contra-flow traffic arrangement (i.e. traffic lights, similar to the system we previously had at Glenworth Valley).

This followed a series of other changes and additional requirements added to the DA earlier in 2015, which have dragged out the process. (As a reference point, we submitted the DA in late July/early August.) We also had some similar issues while organising the DA for last year's Festival. These have primarily been handled by Mistress Collette, who's done an extraordinary job of working to comply with the various issues from WSC.

We opted for the contra-flow option, after investigating the costs of road-widening and finding them to be prohibitive. We therefore asked for some details as to precisely what WSC expected with regard to the contra-flow arrangements.

WSC then came back to us on Friday, with some additional requirements to the contra-flow option, including:

- having NSW RFS on site for the whole event
- having NSW Ambulance on site for the whole event
- having NSW-accredited traffic controllers on site for the whole event

They also reiterated the alternative option of widening the road. The requirements - insofar as they are even possible - would attract significant additional costs. We contacted the local NSW RFS brigade, who informed us that they had not made any recommendation of this sort to WSC, and in fact do not generally even offer this sort of service. We also approached NSW Ambulance about a quote, and contacted the St John's volunteers we had at Festival, to find out if they could be a possible substitute for that requirement.

At this point, I asked Tanya (Rowany Seneschal) to organise a special Senate meeting, as both options presented to us by WSC potentially involve very large expenditures. I also wanted to put these new requirements in the context of the other, repeated changes to the approval compared to 2014 and 2015. The minutes from the meeting are available online (<http://rowany.lochac.sca.org/extraordinary-senate-meeting-.../>).

Since the meeting, we have had very positive responses from the RFS, who have spoken to WSC and confirmed that based on that discussion, the Fire Management Plan we submitted constitutes more than adequate preparations with regard to fire safety. We are waiting on WSC to confirm this. St John's have given us some useful information that we hope will convince WSC that their vehicle (which is categorised as an ambulance) will be sufficient. We should also be receiving a quote soon from NSW Ambulance, in case that does end up being necessary.

However, the deeper issue here is the trend of delays and additional, onerous requirements from WSC. There is a chance that more requirements will be added after these have been dealt with. We're currently investigating the legal status of these requests, given the existing precedent of previous years, as well options including contacting the ombudsman, state representatives and so on. We are also looking into letters of support from local businesses, in terms of the additional benefit they gain from Festival. We've had numerous generous offers of support from within the Society, which have been very helpful and greatly appreciated. Mistress Collette is getting in contact with the WSC officer in charge of our DA, so we should to have more information (and a resolution) soon.

We'll be keeping everyone updated as we get things sorted. While the current difficulties and delays are frustrating, we do expect that Festival will run as planned. In the meantime, the Stewarding Team would like to thank everyone for their patience and support as we get everything sorted out.

If you have any concerns, questions or ideas, please email [rowanystewards@gmail.com](mailto:rowanystewards@gmail.com) or get in touch via the Rowany Festival Discussion Facebook group.

### ***Discussion of Unprecedented developments with respect to Rowany Festival***

Skarp	Have had to submit a Development Application (DA) every year at the new site, which has been a difficult process
	DA for 2016 festival was submitted mid 2015
	Council has been replying with one issue that needs addressing at a time
	The latest issue is traffic control in and out of site. A Traffic Management Plan (TMP) has been developed and revised
	6 weeks ago Council requested that the road is widened – we have replied we are not able to do this and have restated that we will go through with the portable traffic lights
	They have come back requesting Traffic lights, permanent traffic control and paramedics and Rural Fire Service (RFS) to be onsite for the entire event. The paramedics and RFS would be a huge expense.
	We are currently have an excellent deal with St Johns Ambulance, which keeps the cost down
	Now all of these issues are getting to a point that the need to be discussed
Collette	With respect to the traffic request, they wanted us to widen the road or install a controlled traffic system.

	We came back with dropping the speed limit to 25km/h, but they Council stated this is not an option.
	All requests have been made via email
Red Fox	Even the Easter show doesn't have full time paramedics, why are they requesting this of us?
Skarp	Yes, agree. We are currently looking into that
Collette	Fire management plan was approved by RFS one month after it was submitted
Red Fox	Who owns Black Springs Road?
Alfar	Council does. But they have a policy which states that after the road has been constructed they are not responsible for its condition.
Vanessa	What is the benefit of widening the road?
Skarp	To allow a large emergency vehicle to pass another car. Owner of the site disagrees as his large vehicle is able to pass other cars on the road.
Tom	Is the proposed widening an easy job or a surface road?
Alfar	It doesn't actually matter at the moment because of the approvals that are needed
Skarp	Have contacted a local engineer who stated it would cost approximately \$1400 to undertake the design and documentation, but the drainage will be difficult. Would cost approximately \$10,000 per 100m of road, costing approximately \$100,000.
Yael	What is the current road width?
Skarp	Approximately 4.4m
Longshanks	How much has Council spent fixing the road after the last event?
Skarp	They are not taking any responsibility for the road maintenance
Caristiona	Are there any OHS requirements that could allow them to deny the DA?
Skarp	They will probably use a generalised risk matrix i.e. a 'moderate' fire risk
Caristiona	What allows them to overrule the RFS?
Skarp	Looking into that
	Next step is to look at what our possible response are
Vanessa	There are time frames for assessing applications. Have they gone over their allowed time
Skarp	They have stopped the clock several times.
Vanessa	Is approaching the ombudsman an option? They may have breached policies.
Skarp	Increases opportunity of DA rejection, but a possibility
Miles	What if we just run festival?
Skarp	Police will be called to remove us
Ameline	What are the Womberoo people doing??
Skarp	They have spoken to Council & RFS.
	Will also ask local businesses to support us
Ameline	But how much of the responsibility have they taken on? They signed a contract with us
Alfar	No one expected this would happen when the contract was signed.
	Spoke to Stuart on the weekend – they are also getting nowhere with Council
	Just want to make it clear that St Johns Ambulance is still an option at this point in time
Red Fox	Is a DA needed if it's a certain size? What can Womberoo handle?
Alfar	Womberoo is approved for 200 people
Arabelle	Is there a need to widen it before this years Festival?
Skarp	Yes – need to clarify how much needs to be widened
Alfar	Even if we did build the road, it's still not an approval
Red Fox	Could we create a ring road with the quarry?
Skarp	It is a private road, and Womberoo have stated it is in too poor a condition for use
Caristiona	Road is in very bad condition and too much of a risk
Longshanks	Who have we offended at Council – does not sound like reasonable due process
Alfar	This achieves nothing
Tom	Do we have a contingency with if we take an estimated loss, as this seems to be a problem that isn't going to go away
Skarp	For 2017 – it's a possibility. For 2016 it would be a \$50,000-60,000 loss
Jean Chrstophe	As it is so close to festival date – we now have to pay the full hire fee
Ameline	Womberoo did sell us a service. They have a responsibility as they knew the number of

	people
Tatianitska	If we take a loss on the site Hire this year, could we float festival next year
Jean Christophe	It would be tight as we are effectively paying 2 site fees
Red Fox	Are there any local consultants who could help? i.e. Mittagong lawyer
Skarp	The negotiation would be hampered as Council have said it's a safety issue
Tatianitska	As I see it there are 3 options
	1 – Work with Council
	2 – Hire a lawyer to deal with contracts/council
	3 – Cancel festival
Collette	It is likely that we can go ahead for this year. Traffic is taken care of with an amended plan. Still need to look into first aid and fire requirements
Tatianitska	Therefore going ahead with festival this year is cheaper than cancelling
Skarp	Was conservative with costs – so we could break even, most likely a loss
Red Fox	Traffic lights have been factored in?
Skarp	Yes
Tom	How much in FAT funds. Due to losing almost all of buffer funds, perhaps move to use FAT funds?
Ameline	We don't need to do that beforehand – that can be voted after the event
Red Fox	Have you spoken to the local reps? Has served on committees with some
Alfar	Red Fox – can you please talk to them? How soon
Red Fox	Will try to talk to them tomorrow
Skarp	Will look into approaching Councillors too
Ameline	Miles sister is a manger with CFU – can ask for her assistance
Alfar	Yes, ask for her help
Skarp	Awaiting response from RFS tomorrow or Wednesday. May be 'we don't offer the service Council has requested'.
Collette	We need a statement from RFS in writing
Tatianitska	Looks as though plans and work arounds are in place
Red Fox	Yokham is an engineer with another local Council – perhaps he can offer advice
Vanessa	Precedents are significant. There have 2 years of previous approvals without these requirements
Collette	Will write and ask why these rules have changed
Meg	Do we need to seek advice
Alfar	Have spoken briefly to Duchess Liadan for a recommendation
Ameline	Council have been very difficult by slowly asking for something new once something has been accepted
Tom	Do Council receive details of event incidents?
Skarp	They have not raised it with us
Caristiona	There has been 2 ambulances over 2 festivals – both ere able to reach the site
Alfar	Perhaps we need to inform Council that Ambulances were able to reach the site previously

***FAT Funds request for Pageantry at Rowany Festival***

Skarp	Request from Countess Beatrice for \$1780 for festival specific pageantry
Jean Christophe	This is only a relatively small amount of the \$5,000 earmarked for this cause previously
Skarp	Move to accept the FAT funds request for Pageantry at Rowany Festival
Tatianitska	Seconded
	One abstention
	One against
	Remainder in favour
	Motion approved

**Rowany funds request for archer targets**

Gregor	Created 2 new archery targets last year out of own pocket
	Also need 2 new stands for round targets
	All up will cost approximately \$650 – receipts have been kept. Seeking reimbursement of these funds
Tatianitska	Move to approve in principle up to \$700 for archery targets from Rowany Funds
Jean Christophe	Seconded
	All in Favour
	Motion passed

Signed as a true and correct record of the meeting:

### **General Business**

#### Skarp

DA for Festival has been approved, just finalising Traffic Management Plan

Now moving onto need for liquor licenses

#### Laela

Security guards are the biggest issue with the liquor licenses this year due to new lock out laws being blanketly applied across the state.

Searching for 4 people with NSW security licenses

It will be very difficult to raise the price of beverages to pay for this added cost and perhaps festival funds could be allocated to assist with this additional cost.

Security guards do not need to be paid (can be one of us)

Security licenses require approximately 100 hours of experience & \$1000.

Steve – And we will need ne master license.

Looking likely that we will need to hire the person with a master license (\$40-\$125/hour).

Tatianitska – at what point do we decide if it's unlicensed?

Would like to know by this Friday as that is 4 weeks out to Festival

Skarp – Will work with whatever the decision is

Laela – Is there the funds available to help deal with this?

Skarp – maybe, a couple of grand at most. Its been a slow year (possibly due to school holidays), It also needs to be a discussion for the long term

Kinggiyadai – perhaps a Fighter Auction Tourne Funds application?

Tatianitska – must likely not a good use of the funds

Megge – need to remember if the event is not licensed and we keep the same tent, it will need to be cleaned each morning

Skarp –\$3,500 for tavern and bar tents at the moment as it is, so there might not be funds for security this year, but there may be next year

Tatianitska - what do other people think?

Padraig – would like to see the tavern go ahead with festival to pay the funds for security this year, and plan for it for next year.

Anton – there are getting to be a lot of volunteers. If we can't get someone with a masters license, we may need to tell people why it won't be a licensed location.

Steve – if need people from 6pm to 30 mins after close. If we have someone with a masters license, it would be good

Laela - We will need guards even though they are currently trying to prove otherwise.

Skarp –\$56k in fixed expenses, not including the portlaos, \$2,000 is only 'possibly doable'

Laela – can we have an agreement that we come to a decision on Friday

Steve – Bar license is under review, will know in the next couple of days

Skarp – if bar license goes ahead and tavern doesn't, we'll use the tavern tent

Laela - Baronial pavilion reworked into two sunshades with canvas left over

Tatianitska – if we buy more poles, could we have more sunshades?

Laela – perhaps, but it is mostly poor material left now. Walls are still unused and are a light canvas. Will keep walls and put in Rowany storage, but not remainder

Tatianitska – will put out word that canvas is available.

Tatianitska

Storage unit is being used poorly (items left on floor near door) even though there is a lot of space. May need additional racking to keep things tidy – will look into this.

Arrabelle – shelves are approximately \$120 a set.

Tatianitska moved to allow up to \$480 to buy 4 sets of shelves for the Rowany storage unit. Skarp seconded, all in favour. Motion passed.

Padraid

King & Queen keen to see concussive impact testing going ahead after seeing details of proposal. Would request \$180x2 to purchase from US. Would have one in rapoer and one in heavy for period of Festival.

Regan – would it be the same person using it all the time

Padraig – Yes. Currently have written advice to go ahead from kingdom Chirurgeon, past Kingdom Chirurgeon and Queen. Nothing from Earl Marshall.

Tatianitska – Shall we agree to proposal after written advice received.

Laela – Fail to see how this benefits the society

Padraig – Lower insurance premiums

Bethan – this needs to be an officer decision

Kinggiyadai – also needs to go to Board of Directors

Padraig – BOD said it wasn't a business decision, so they were not to be involved in the decision

Anton – then we will get something in writing from the said people

Skarp – Need approval in writing from Earl Marshall (as minuted previously) and Kingdom Seneschal (as Kindgom Officer)

Tatianitska – Put forward a motion that \$500 from the Fighter Auction Tourney Funds be allocated for the concussive impact testing program should the Kingdom Seneschal and Earl Marshall agree to the proposal and this motion in wrting/email. Seconded by Anton. Motion passed.
